

Stamford ASC Mission Statement

Stamford ASC is dedicated to providing and ensuring that all patients receive the highest quality and standard of care on a completely non-discriminatory basis as to race, sex, color, creed or national origin, in a safe and professional environment.

Our objective is

- To provide patients with a safe physical environment during their stay at Stamford ASC.
- To provide care in a timely, accurate, compassionate and efficient manner for our patients.
- And is committed to innovation and excellence in patient care.

Examples of implementing these goals and objectives consist of:

- Utilizing all necessary equipment's and supplies for cases.
- Managing and maintaining staffing levels as appropriate.
- Maintain standards for accreditation and licensing.
- Practice highest levels of efficiency and safety.
- To foster an atmosphere of compassion and empathy.
- Maintain a total quality management program that monitors relevant indicators and trends that can lead to continual process improvement.
- Maximize Operating Room utilization.
- Credential physicians and allied health as needed.
